SUMMARY

Secure a career where I can apply my skills in web development and software development to create user-friendly websites and strong backend systems. I aim to help innovative companies succeed by working well with teams and managing projects efficiently.

EDUCATION

Bachelor of Computer Applications

June 2012 – April 2017

Gujarat University | CGPA : 5.02

CERTIFICATION

Software Engineering with Generative AI
NIIT

Sept 2023 - Mar 2024

PROFESSIONAL EXPERIENCE

• **WELLCARE MEDICINES**

Data Entry Operator

April 2016 – May 2019

• **CIMEC TECHNOLOGIES PVT LTD**

Data Entry Executive

March 2021 - Dec 2021

• **START-UP BUSINESS**

Business Owner

Jan 2022 - July 2023

SKILLS

Technical Skills

- o Front-End Development: HTML, CSS, JavaScript, Angular, Java
- o Back-End Development: Spring Boot, MySQL, MongoDB, Microservices
- o API Integration: RESTful APIs, HTTP Protocol
- o User Experience: ChatGPT integration, User-friendly design

Soft Skills

- o Problem-Solving
- o Team Collaboration
- o Analytical Thinking
- o Time Management

RELEVANT PROJECTS

1. BoardifyNow

Mar 2024 (Completed in 20 days)

Team Task Tracking and Workflow Management System

Technologies: Angular, HTML, CSS, JavaScript, Spring Boot, MySQL, MongoDB, Microservices

Key Contributions:

- o Developed a collaborative Kanban Board for team task tracking.
- o Used Angular, HTML, CSS, and JavaScript for the front-end.
- o Implemented Spring Boot, MySQL, MongoDB and Microservices for the back end.
- o Integrated RESTful APIs and used HTTP Protocol to enhance performance.
- o Collaborated in a team of three, showcasing strong teamwork and communication skills.

2. MilkInMinutes

Jan 2024 (Completed in 10 days)

User-Friendly Dairy Product Ordering Website

Technologies: Angular, HTML, CSS, JSON, JavaScript, ChatGPT

Key Contributions:

- o Create an easy-to-use website for ordering dairy products.
- o Used Angular, HTML, CSS, JSON, and JavaScript for development.
- o Improved user experience by using ChatGPT for product suggestions and a smoother checkout process.
- o Made sure the site was easy to navigate and quick for shopping.
- o Demonstrated strong problem-solving and project management skills by developing the site independently in a short timeframe.
